tea time.
(Lewis Carroll)

“Caffe di Artisan” speciality coffees

Available as Espresso, Americano, Latte or Cappuccino

Raro: South American single origin Arabica from the Colombian highlands – rare, mellow, rich caramel & slightly nutty undertones

Asmata: Ethiopian Sidamo single origin, well balanced medium intensity and body, slightly sweet berry flavour, light & dry on the palate.

Vilasita: Indian single origin, shade grown from the Coorg highlands – Medium to Strong flavour, robust and full bodied with a strong, velvety feel & spicy undertones, ideal for latte.

Nilgiris Organique: from Frowners venerable coffee plantations in the famous Nilgiris area of the Blue Mountains in Southern India. Strong and bursting with flavour with subtle spicy chocolatey undertones.

Malabar: The iconic fabled Monsoon Malabar. Green beans exposed to rain laden Malabar climate give a rich, strong full-bodied flavour.

Decaffe: A Columbian single origin coffee from the highland estates of Medellin. A medium rich, zesty flavour unlike any other decaffeinated coffee.

Espresso / Double Espresso – a strong full flavoured black coffee “shot” or two!

Americano – strong black coffee, you may add milk to taste if you wish

Cappuccino – the classic frothy top coffee / milk combo, topped with cocoa powder

Latte – a richer smooth coffee with extra milk & a slight froth top
