Dear Simon,

We have recently received your wonderful gift of **£1,000**. Thank you, your kind donation will help people access safe surgery – and transform their lives.

Six-year-old Abubakarr had a simple dream: playing football with his friends.

Born with an extra toe on both his feet, running was a challenge. Wearing shoes was impossible. Abubakarr spent his childhood standing on the sidelines, watching the other children play.

In Sierra Leone, the specialised surgery he needed was out of reach. But on board the *Global Mercy*, he received a free 90-minute operation that changed everything.

Today, Abubakarr walks with confidence, wears shoes for the first time and smiles as he finally steps out onto the pitch. **Thank you for changing the future for children like Abubakarr.**

With deep gratitude,

Carly Robb-Watson
Director of Supporter Development
